3.A.1.3 Project Background

Indian Railways endeavors to set up high-tech surveillance systems at Railway stations for providing safe, secure and pleasant experience to railway passengers especially women & children. Indian railways is the lifeline of India and has an estimated daily ridership of approximately 2 Crores. Approximately 290 stations of various categories would be covered under surveillance in this project.

The project envisages to provide high level security vigilance and improve the ensuing action in case of an alert by adding state of art functions like motion detection, quick review and intrusion detection. This would ultimately lead to a manifold increase in the security of the passengers as compared to present situation.

24x7 surveillance at RPF/GRP Thana/Post will help the daily commuters tremendously by reducing the incidents of pick pocketing, theft, damage to public property etc.

Indian Railways has appointed RailTel to invite interested & capable parties for providing round the clock IP based video surveillance across the stations and select the most competitive proposal for implementation.

3.A.1.4 SCOPE OF WORK

The scope of work includes Supply, Installation, Testing, Commissioning, Operation and Maintenance of PC Workstations at 290 Railway Stations of various category of Indian Railways..

The detailed scope of work includes following:

3.A.1.4.1 Supply

3.A.1.4.1.1 As per technical specification and design requirement mentioned in chapter-8.

3.A.1.4.1.2 Supply of PC Workstation for 290 stations. Tentative list of stations is enclosed as Annexure-I, Chapter-7.

3.A.1.4.1.3 Deleted

3.A.1.4.1.4 Deleted.

3.A.1.4.2 Installation & Commissioning

3.A.1.4.2.1 Bidder is required to install PC Workstations at respective sites.

3.A.1.4.2.2 PC Workstations at 290 (tentative) nos. of stations. List of sites/nodes has been listed as Annexure-I, Chapter-7.

3.A.1.4.2.3 Install Window/Linux and complete electrical & data cabling.

3.A.1.4.3 Deleted

3.A.1.4.3.1 Deleted.

- a) Bidder shall be responsible for the successful completion of the project.
- b) If during the course of execution of the work any discrepancy or inconsistency, error or omission in any of the provisions of the contract is discovered, the same shall be referred to the Purchaser/Engineer who shall give his decision in the matter and issue instructions directing the manner in which the work is to be carried out. The decision of the Purchaser/Engineer shall be final and conclusive and the bidder shall carry out the work in accordance thereof.

3.A.1.13TECHNICAL RESPONSE

The technical response shall be fully comprehensive and detailed and will include detailed guaranteed specifications of the equipment and systems to be supplied. Marginal performance shall not be accepted.

3.A.1.14FEATURES AND CAPABILITIES OF EQUIPMENT

The specifications defined under chapter-8 contain the necessary requirements of RailTel with regard to the features and capabilities of the material/software to be of-

ferred by the bidders. These will be carefully studied and commented upon by the bidder.

3.A.1.15 COMPLIANCE TO TECHNICAL REQUIREMENTS

3.A.1.15.1 CLAUSE BY CLAUSE COMPLIANCE

In the offer, the bidder shall include statement of clause-by-clause compliance of the tender document and sufficient documentation such that RailTel can validate the compliance statements. In the statement of compliance, the bidder shall state:

- a) "FULLY COMPLIANT," if systems and functions offered fully meet the tender requirement.
- b) "PARTIALLY COMPLIANT," if systems and functions offered meet the tender requirement partially. The bidder shall state the reason why the offer is partially compliant. However, if the bidder is able to fulfill the specified requirement later, the time schedule for this shall be stated. In such cases, the bidder shall clearly mention the extent to which other requirements or specifications are affected.
- c) "NON COMPLIANT," if systems and functions cannot meet the requirements. The bidder shall also state the reasons for it.
- d) In addition to the above mentioned compliance statements, wherever statement is given for some numerical parameter specified in tender, then bidder shall state the actual numerical value of specification as met by the offered systems/equipment.

3.A.1.15.2 NIL OR UNCLEAR RESPONSE STATEMENTS

In case of nil or unclear statements of compliance for any specified requirement, RailTel will interpret that particular requirement as being "NON COMPLIANT."

3.A.1.15.3 DELETED

3.A.1.15.4 DETAILED TECHNICAL INFORMATION

The bidder shall include in his proposal the detailed Technical information, drawings and functional descriptions of the offered material/software to support the Compliance to VSS Technical Specifications as in Chapter-8 of this tender document.

3.A.1.16 SUPPLY OF SOFTWARE

OEM of PC Workstation should give an undertaking that all licenses/Firmware supplied by them would be issued in favor of M/s RailTel or its nominated organization.

Chapter- 3.B and 3.C-Deleted

D. INSPECTION AND SUPERVISION OF INSTALLATION, TESTING & COMMISSIONING

3.D.1. INSPECTION

(A) Inspection will be carried by RDSO.

(B) TEST CATEGORIES (This should be for all the items to be inspected by RailTel)

i) The following tests shall be conducted for acceptance of the equipment and the system before final acceptance of the system. Waiver of Part or whole of type tests can be considered if proof of having done the tests by independent body or PTT authority is submitted.

- a) Pre-Factory Acceptance Testing
- b) Pre-commissioning test (after installation) for total integrated system.
- c) Site Acceptance Testing (SAT)
- d) Trial Run

ii) These tests shall be carried out on all equipment supplied by bidder including those supplied by sub-vendors, if any.

iii) Bidder shall arrange all necessary test instruments, manpower, test-gear, accessories etc.

iv) All technical personnel assigned by the bidder shall be fully conversant with the system specifications and requirements. They shall have the specific capability to make the system operative quickly and efficiently and shall not interfere or be interfered by other concurrent testing, construction and commissioning activities in progress. They shall also have the capability to incorporate any minor modifications/suggestions put forward by purchaser /Engineer.

v) **Test Plan:** The Contractor shall submit to Purchaser 'Test Plans' well in advance of commencement of actual testing in each of the above mentioned test categories.

The plans shall include:

1) System/Equipment functional and performance description (in short) and Tests to be conducted and purpose of test.

2) Test procedures (including time schedule for the tests) and identification of test inputs details and desired test results

3) Test Report:

The observations and test results obtained during various tests conducted shall be compiled and documented to produce Test Reports by bidder. The Test Reports shall

be given for each equipment/item and system as a whole. The report shall contain the following information to a minimum:

- i) Test results
- ii) Comparison of test results and anticipated (as per specifications) test result as given in test plans and reasons for deviations, if any.
- iii) The data furnished shall prove convincingly that
 - a. The system meets the Guaranteed Performance objectives
 - b. Mechanical and Electrical limits were not exceeded.
 - c. Failure profile of the equipment during the tests are well within the specified limits

vi) Failure of Equipment:

Till the system is accepted by the Purchaser, a log of each and every failure of equipment shall be maintained. It shall give the date and time of failure, description of failed equipment, circuit, module, equipment designation, effect of failure of equipment on the system/equipment, cause of failure, date and time of repair, mean time to repair etc. Repair/modification done at any point of time at one site, shall be carried out by bidder at all the sites. Detailed documentation for the same shall be submitted to Purchaser for future reference.

If the malfunction and/or failures of a unit/module/sub-system/equipment repeat during the test, the test shall be terminated and bidder shall replace the necessary equipment or module to correct the deficiency. Thereafter, the tests shall commence all over again from the start.

If after the replacement the equipment still fails to meet the specification, bidder shall replace the equipment with a new one and tests shall begin all over again. If a unit/ subsystem/module has failed during the test, the test shall be suspended and re-started all over again only after the bidder has placed the equipment back into acceptable operation. Purchaser's approval shall be obtained for any allowable logical time required to replace the failed equipment/unit/module/sub-system.

vii) Readjustments

No adjustments shall be made to any equipment during the acceptance tests. If satisfactory test results cannot be obtained unless readjustments are made, bidder shall carry out only those readjustment needed to ready the equipment/system for continuance of tests. A log of all such adjustments shall be kept giving date and time, equipment, module, circuit, adjustments, reasons, test result before and after adjustment etc. Fresh acceptance tests shall be conducted after the readjustments have been completed.

3.D.2.Pre Factory Acceptance Testing

The bidder on his own exactly in line with pre approved test plan shall conduct pre-factory acceptance testing and test reports for the same shall be forwarded to Purchaser/Engineer before inspection .

3.D.3. Inspection/Factory Acceptance Test

Testing Procedure for VSS equipment for which requisite testing facility is not available in India

Necessary type tests as well as acceptance tests on the equipments offered shall be conducted to ascertain conformance of the equipment to the requisite RDSO specification. These tests shall be got conducted by the OEM/Vendor at 3rd party test houses of international repute such as UL, TUV etc.

- 3.D.3.1 In case the requisite test facilities are available with OEM, the 3rd party test house may conduct these tests in the OEM premises if specifically requested by OEM to RDSO. **The details of 3rd party testhouse (proposed-to be entrusted with the testing) shall be submitted by the bidder along with the technical bid document.** The same shall be sent to RDSO for prior clearance. These details shall include testing capability of the test house & shall confirm that the test house has undertaken testing of such equipment earlier. Only after the clearance of RDSO, testing shall be entrusted to proposed 3rd party test house. RDSO shall advise the test format and details regarding quantity of equipment on which type test and acceptance test is required to be conducted.
- 3.D.3.2 Third Party test house after conducting requisite type test & acceptance test shall submit the test report directly to RDSO. In case the equipment conforms to the RDSO specification, necessary clearance for supply of the equipment shall be given by RDSO to the OEM/vendor.
- 3.D.3.3 On arrival of such cleared equipment in India, sample tests covering only visual and functional parameters shall be undertaken by RDSO.
- 3.D.3.4 On successful visual and functional tests as above, the equipment may be considered to be in conformance with RDSO specification. However, the vendor shall submit special bank guarantee equivalent to 10% of the value of the equipments inspected by third party abroad & valid for a period of one year (in addition to Performance Guarantee) and undertaking to the purchaser that the equipment supplied shall meet all the requisite parameters of the specification and shall work satisfactorily failing which bank guarantee may be encashed. Firm shall also submit suitable undertaking regarding satisfactory repair /service support to the purchaser.
- 3.D.3.5 Once type test has been successfully completed on a equipment, only acceptance test shall be conducted subsequently, in case the same equipment (make, model & version) is offered again within a period of 2 years.
- 3.D.3.6 Any expenses against inspection by 3rd party shall be borne by the bidder.

3.D.4.Installation&Commissioning

After successful completion of inspection, equipment shall be sent to site for installation. Equipment without factory acceptance/inspection certificates shall not be acceptable at site.

Prior to installation, all equipment shall be checked for completeness as per the specifications of equipment required for a particular station. Installation shall be carried out in accordance with the installation manuals & site plan in the best workmanship.

Bidder shall indicate the number of teams and the list of equipment for each team to be required for installation of the PC Workstation in order to complete the work within the stipulated time frame.

Bidder shall bring all installation tools, accessories, special tools, test gears, spare parts etc. at his own cost as required for the successful completion of the job.

If during installation and commissioning under the supervision of the bidder any repairs are undertaken, the maintenance spares supplied with equipment shall not be used for the repair. Bidder shall arrange his own spare parts for such activities till such time the system has been finally accepted by the Purchaser. A detailed report & log of all such repairs shall be made available by the bidder to Purchaser/Engineer and shall include cause of faults and repair details, within 2 weeks of fault occurrence.

A detailed time schedule for these activities shall be submitted by bidder to Purchaser/Engineer to enable their representatives to be associated with the job.

Bidder shall supply all installation materials required for proper installation of the equipment. These shall include but not be limited to, all connectors, interbay and inter equipment cables, power supply cables and connectors, power distribution boxes, anchoring bolts, nuts, screws, washers, main distribution frames, audio distribution frames, voice frequency cables, junction boxes etc.

The installation and commissioning of equipment shall be supervised by the bidder in such a manner so as to ensure the following points:

- (i) Install PC workstation and complete electrical and data cabling.
- (ii) Install Windows/Linux OS on PC workstation (OS to be provided by RailTel).

3.D.5.Pre-Commissioning

On completion of installation and Commission of the PC Workstations system, the correctness and completeness of the installation as per Manufacturer's manual and approved installation documents shall be checked by the bidder on his own.

A list of Pre-Commissioning tests (same as approved by the Purchaser/Engineer for site acceptance testing) and activities shall be prepared by bidder and the test shall be carried out by the bidder on his own. After the tests have been conducted to the

bidder's own satisfaction, the bidder shall provide the test results for review by Purchaser/Engineer and then offer the system for Site Acceptance Testing.

During pre-commissioning, if any fault occurs to any equipment or system, bidder shall identify the same and provide report/history of all faults to the Purchaser.

3.D.6.Site Acceptance Testing (SAT)

On completion of Pre-commissioning, site acceptance testing shall be conducted on the system as per approved SAT procedures and its constituents by the bidder under the presence of Purchaser/Engineer.

The tests shall include, but not be limited the following:

- a) Checks for proper installation as per the approved installation.
- b) Guaranteed performance specifications of individual equipment/item.
- c) Self diagnostics test on individual equipment
- d) Tests on remote alarm transmission and reception
- e) System tests on END TO END for the system, all complete.

SAT will be issued by the purchaser/representative for all the sites.

3.D.7.Deleted.

3.D.8.Deleted.

3.D.9.Deleted.

3.D.10.TRIAL RUN/FIELD TRIALS

Upon conclusion of the site acceptance testing the bidder shall keep the facilities commissioned for one month for 'TRIAL RUN/FIELD TRIALS'. During this period bidder shall provide all Support engineers & Technicians to maintain the total log, incidents and failures. However, the normal operation and maintenance of the system shall be performed by the personnel of the Purchaser trained for the purpose.

If during 'Trial run' any defect is noted in the system, the bidder shall rectify, replace the same to the satisfaction of Purchaser's/Engineer. The decision to repeat the final test or restart the 'Trial' shall be of Purchaser/Engineer depending upon the severity of the defect.

During trial run, if any fault occurs to any equipment of system, bidder shall identify and rectify the same and provide report, history of all faults to the Purchaser.

Ideally, during the 'Trial run, no shutdown of the system due to failure of equipment, power supply etc. should happen. A record of all failures shall be kept for each manned/unmanned station and the availability of the system on per hop and end

to End basis shall be calculated, accordingly and results submitted to Purchaser/engineer.

If the system fails to come up to the guaranteed performance, the bidder, within a period of thirty (30) days shall take any and all corrective measures and resubmit the system for another 'Trial Run' of trial period. All modifications, changes, corrective measures, labour etc. shall be at the cost of the bidder. In case the date of completion for the second trial run exceeds the time schedule for the project, he shall be liable to pay liquidated damages. If the system fails to reach the guaranteed performance even after the second trial run, the Purchaser shall be free to take any action as he deems fit against the bidder and to bring the system to the guaranteed performance with the help of third party at the expense of the bidder.

3.D.11. FINAL ACCEPTANCE

The final acceptance of the works completed shall take effect from the date of successful completion of trial run/field trials as per clause 3.D.10 of Chapter 3, provided in any case that the contractor has complied fully with his obligations in respect of each item under the contract. The Final Acceptance Certificate of complete PC workstation shall be signed by authorized representative of RailTel nominated by the Executive Director of the concerned Region and the contractor and issue by Respective Region. CHAPTER 4

A. COMMERCIAL TERMS & CONDITIONS

4.A.1 Offer letter and Validity of offer

- 4.A.1.1 The bidder shall complete the offer letter (Chapter 1) and the Price Schedule (Chapter 2) furnished in the tender documents, indicating the goods to be supplied, description of the goods, associated technical literature, quantity and prices etc.
- 4.A.1.2 The offer should remain valid for a minimum period from the date of opening of tender including the date of opening as indicated in Bid Data Sheet (BDS) Chapter 5.

4.A.2 Warranty

- 4.A.2.1 The warranty would be valid for a period as indicated in Bid Data Sheet (BDS) Chapter 5. The supplier shall warrant that stores to be supplied shall be new and free from all defects and faults in material, workmanship and manufacture and shall be of the highest grade and consistent with the established and generally accepted standards of materials of the type ordered and shall perform in full conformity with the specifications and drawings. The supplier shall be responsible for any defects that may develop under the conditions provided by the contract and under proper use, arising from faulty materials, design or workmanship such as corrosion, inadequate quantity of material to meet equipment requirements, inadequate contact protection, deficiencies in design and/ or otherwise and shall remedy such defects at his own cost when called upon to do so by the Purchaser who shall state in writing in what respect the stores are faulty.
- 4.A.2.2 If it becomes necessary for the contractor to replace or renew any defective portion/portions of the supplies under this clause, the provisions of the clause shall apply to the portion/portions of the equipment so replaced or renewed or until the end of the above mentioned period or twelve months, whichever may be later. If any defect is not remedied within a reasonable time of 30 days, the Purchaser may proceed to do the work at the contractor's cost, but without prejudice to any other rights which the Purchaser may have against the contractor in respect of such defects.
- 4.A.2.3 Replacement under warranty clause shall be made by the contractor free of all charges at site including freight, insurance and other incidental charges.

4.A.2.4 Warranty Support

- 4.A.2.4.1 Material for repair during Warranty Period shall be handed over /taken over by contractors engineer at respective site or mutually agreed RailTel PoP location.
- 4.A.2.4.2 During the warranty period, the contractor shall be responsible to the extent expressed in this clause for any defects that may develop under the conditions provided for by the contract and under proper use, arising from faulty materials, de-

sign or workmanship in the plant, or from faulty execution of the workplant by the contractor but not otherwise and shall remedy such defects at his own cost when called upon to do so by the Purchaser Engineer who shall state in writing in what respect the portion is faulty.

4.A.2.4.3 During the free warranty maintenance period, contractor should stabilize the working of the system. Purchaser has the right to extend the period of supervision of the maintenance free of cost till the system stabilizes and works satisfactorily for a reasonable period of time. If during the time any equipment etc. is to be added or deficiencies are to be rectified to make the system work trouble free, the same also will have to be done by the contractor at no cost to RailTel/RailTel as to make good all the deficiencies.

4.A.2.5. Deleted.

4.A.3. Long Term Maintenance Support:

Bidder/OEM shall provide maintenance support after successful completion of the warranty obligations for a minimum period of 5 years. The long term maintenance support shall be comprehensive and include all hardware and firmware of equipment against this contract. RailTel should be extended the benefits of software/firmware update/up-grades made by Bidder/OEM on the system from time to time to improve performance. During this period the scope of work as mentioned in Clause 4.A.2 above & its sub clauses will be applicable.

Bidder/OEM (through its Indian subsidiary), shall be paid @ 3.5% of contract cost Schedule (A), per annum towards Long Term Maintenance Support after completion of warranty period, to undertake repairs/replacements of all type of equipment/module/ card/assembly/ subassembly and update/upgrade of software released during this period and /or which may fail in the system after the warranty. Only incremental cost in % over and above this, if perceived by the OEM and bidder, may be indicated in Schedule of Requirement and shall be added towards evaluation of tender. If however the bidder feels that his AMC Cost is less than 3.5% per annum, he should give suitable discount in equipment pricing. For AMC he will be paid @ 3.5% per annum only. If the bidder quotes a higher base rate for AMC, he will be paid at his quoted rate per annum and five-year differential cost shall be added to offered cost for evaluation. AMC would have to be valid for minimum period of 5 years after the warranty.

In case a bidder quotes AMC rates lower than 3.5%, no advantage will be given to him/her for evaluation purposes. In case the bidder wins the contract his cost against supply items will be reduced by differential (w.r.t. 3.5%) of AMC rates & he will be paid accordingly against the cost of supply. AMC charges to him, however, be paid only @ 3.5% per annum.

Separate agreement for AMC (Long term Maintenance Support) before expiry of warranty period shall be entered into with OEM/the authorized partner of OEM by RailTel. A fresh Bank Guarantee valid for Five years and four months for 10% of the

Long Term Maintenance Support cost of five years, shall be required to be submitted by bidder for due fulfillment of long term maintenance support obligation.

Note: The acceptance of the above clause is mandatory and specific acceptance from OEM is required to be enclosed as per Annexure-VIII. Any deviation / non acceptance will lead to rejection of the bid.

4.A.4 Delivery/Implementation timelines

The bidder is required to supply, install and commission the offered solution as per SOR and scope of work within 60 days from the award of work.

Bidder in all cases is required to adhere to the project timelines and the project plan shared. In case of delay in implementation and/or on the basis on inability to adhere to the functional and operational requirements of the System as stated in this RFP, Rail-Tel will be within its right to take measures as detailed in Terms and Conditions of the Contract.

Annexure – III

CONSORTIUM BIDS

1.1 In view of nature of work covered in the Bid documents, it is anticipated that some of the intending tenderers will pool their resources and experience to form consortia. Consortium bids are permitted with each consortia of tenderers allowed to have at maximum three members, the consortia of tenderers must clearly define the lead bidder of the consortia along with its roles and responsibilities.

1.2 The Lead bidder should have experience of execution of turnkey similar projects/Works (Definition of similar work is as per the clause 4.A.14 of Chapter 4). In their own interest the tenderers who form such a consortia are advised to investigate capabilities, availability of resources, experienced personnel, financial soundness, past experience and concurrent engagements of constituting partners.

1.3 Consortia of tenderers, if any, must clearly define role/scope of work of each partner/member. Further the legal agreement for a consortium must accompany the bid and should clearly define the leader of such a consortium who will be the contractor and will be responsible for timely completion of work as also during execution of work, if awarded, coordinate with Purchaser on behalf of the consortium, receive payments for the works executed and be liable for due performance of the contract in all respect.

1.4 Qualification documents, details etc. must however, be provided for each member firm complete in all respects strictly in requisite proforma.

1.5 A consortium formed will not be subject to alteration with regard to change in constituting firms and/or reorientation of roles. Any changes, if proposed by consortium to take advantage of certain developments during evaluation stage will render the bid liable to be rejected. As all details are required to be furnished along with the bids and will be critically examined during evaluation of bids, it is imperative that such details should have been thoroughly examined as a safeguard against a possible disqualification of bids on these grounds.

1.6 All partners of the consortium shall be jointly and severally liable to RailTel for the execution of the entire contract in accordance with its terms.

1.7 In case of consortium bids by Indian Company with foreign Company as one of the consortium partner, Part of Payment (for imported items) can be quoted in any of the major foreign currencies viz USD, British Pound, EURO or Japanese YEN. In such a case, bidder should clearly specify the components of Foreign exchange and Indian currency for each item.

1.7.1 For evaluation purposes, Exchange rate applicable on the date of technical bid opening (T.T. selling Exchange rate of State Bank of India applicable on the date technical bid opening) will be considered.

1.7.2 Release of payments in foreign exchange for imported items to foreign companies as a consortium partner shall be on request of lead bidder along with bill and

will be governed by payment clause (as per clause no. 4.A.5 of chapter-4 Section-I Commercial Terms & Conditions of Contract).

1.8 Consortium shall not have more than three members and each consortium member shall have minimum 20% contribution in the work. A Consortium must submit a Power of Attorney by the other member of the Consortium in favor of the Lead Member. This is also to be enshrined in Memorandum of Agreement signed by the Consortium Members and submitted along with the bid. Members of consortium should sign every sheet of price bid as a token of acceptance of all quoted prices by members, failing which the offer will stand summarily rejected.

1.9 An individual bidder or a member of Consortium cannot be a member of another Consortium or a JV partner and participate in this tender.

1.10 Firms should submit the affidavit (As per Form-A) & Consortium Agreement (As per Form-C) along with the bid/offer.

1.11 Each consortium member shall make equal contribution towards the total PBG amount to be submitted along with acceptance of LOA.

1.A CONDITIONS FOR PARTICIPATION OF JOINT VENTURE FIRMS

(i) Separate identity/name shall be given to the Joint Venture firm.

(ii) Number of members in JV firm shall not be more than 3.

(iii) Members of JV firm shall not be permitted to participate either in individual capacity or as a member of another JV firm **in the same tender.**

(iv) The tender form shall be purchased and submitted only in the name of the JV firm and not in the name of any constituent member.

(v) EMD shall be submitted only in the name of the JV and not in the name of constituent member. However, in exceptional cases EMD in the name of lead partner can be accepted subject to submission of specific request letter from lead partner stating the reasons for not submitting the EMD in the name of JV and giving written confirmation from the JV partners to the effect that the EMD submitted by the lead partner may be deemed as EMD submitted by JV firm.

(vi) One of the members of the JV firm shall be the lead member of the JV firm who shall have a majority (at least 51%) share of interest in the JV firm. The other members shall have a share of not less than 20% each in case of JV firms. In case of JV firm with foreign member(s), the lead member has to be an Indian firm with a minimum share of 51%.

(vii) A copy of Memorandum of Understanding (MoU) executed by the JV members shall be submitted by the JV firm along with the tender. The complete details of the members of the JV firm, their share and responsibility in the JV firm etc. particularly with reference to financial technical and other obligations shall be furnished in the

MoU. (The MoU format for this purpose shall be finalized by the RailTel in consultation with their law branch and shall be enclosed along with the tender)

(viii) Once the tender is submitted, the MoU shall not be modified/altered/terminated during the validity of the tender. In case the tenderer fails to observe/comply with this stipulation, the full Earnest Money Deposit (EMD) shall be forfeited. In case of successful tenderer, the validity of this MoU shall be extended till the currency of the contract expires.

(ix) Approval for change of constitution of JV firm shall be at the sole discretion of RailTel. The constitution of the JV firm shall not be allowed to be modified after submission of the tender bid by the JV firm except when modification becomes inevitable due to succession laws etc. and in any case the minimum eligibility criteria should not get vitiated. In any case the Lead Member should continue to be the Lead Member of the JV firm. Failure to observe this requirement would render the offer invalid.

(x) Similarly, after the contract is awarded, the constitution of JV firm shall not be allowed to be altered during the currency of contract except when modification become inevitable due to succession laws etc. and in any case the minimum eligibility criteria should not get vitiated. Failure to observe this stipulation shall be deemed to be breach of contract with all consequential penal action as per contract conditions.

(xi) On award of contract to a JV firm, a single Performance Guarantee shall be required to be submitted by the JV firm as per tender conditions. All the Guarantee like Performance Guarantee, Bank Guarantee for Mobilization advance, machinery Advance etc. shall be accepted only in the name of the JV firm and no splitting of guarantees amongst the members of the JV firm shall be permitted.

(xii) On issue of LOA, an agreement among the members of the JV firm (to whom the work has been awarded) has to be executed and got registered before the Registrar of the Companies under Companies Act or before the Registrar/Sub-Registrar under the Registration Act, 1908. This agreement shall be submitted by the JV firm to the RailTel before signing the contract agreement for the work. (This agreement format should invariably be part of the tender condition). In case the tenderer fails to observe/comply with this stipulation, the full Earnest Money Deposit (EMD) shall be forfeited and other penal actions due shall be taken against partners of the JV and the JV.

This joint venture agreement shall have inter-alia following clauses:

a. **Joint and several liability** – The members of the JV firm to which the contract is awarded, shall be jointly and severally liable to RailTel for execution of the project in accordance with General and special conditions of the contract. The JV members shall also be liable jointly and severally for the loss, damages caused to the RailTel during the course of execution of the contract or due to non-execution of the contract or part thereof.

b. **Duration of the joint venture agreement** – It shall be valid during the entire currency of the contract including the period of extension if any and the maintenance period after the work is completed.

c. **Governing Laws** – The JV agreement shall in all respect be governed by and interpreted in accordance with Indian Laws.

d. **Authorized Member** – Joint Venture members shall authorize one of the members on behalf of the JV firm to deal with the tender, sign the agreement or enter into contract in respect of the said tender, to receive payment, to witness joint measurement of work done, to sign measurement books and similar such action in respect of the said tender/contract. All notices/correspondences with respect to the contract would be sent only to this authorized member of the JV firm.

(xiii) Not used

(xiv) No member of the JV firm shall have the right to assign or transfer the interest right or liability in the contract without the written consent of the other members and that of the employer (RailTel) in respect of the said tender/contract.

Inspection Procedure pertaining to Clause nos. 3.D.1 and 3.D.3 of Chapter 3-D of the Tender Document:

2. (i) The tests shall be undertaken by RDSO/Railways/RailTel's officials with modified QA processes in place of 3rd party undertaking the entire test abroad.
3. (ii) In case OEM/Vendor has already got Type Tests and Acceptance Tests conducted on the lot offered for supply, by the 3rd party test house as per RDSO guidelines, OEM/Vendor can apply for the waiver of the repeat type test and/or acceptance test.
4. (iii) While submitting request for waiver of Type Test and/or Acceptance Test, the OEM/vendors shall submit documents regarding all quality acceptance tests conducted by a recognized third party on the equipments being offered for supply. If the tests are within the stipulated limits of RDSO, RDSO may waive off those Type Tests and/or Acceptance Tests.
5. (iv) In case OEM/vendor has not got Type Tests/Acceptance Tests conducted by a reputed Third party or only partial Type Tests/Acceptance Tests has been done, OEM/vendor shall apply to RDSO for arranging only the remaining Type Tests/Acceptance Tests along with the request letter and necessary certificates of tests already done. Tests may be carried out by the nominated officials from Railway/RailTel or from RDSO. These tests shall be got conducted by the OEM/vendor either at Factory premises if inspection facility exists or at 3rd party test house of International repute such as UL, TUV etc. as per request by OEM to RDSO (Telecom Directorate). In case, the test has to be done at a 3rd party test house, the details of such a test house shall be submitted by OEM/vendor to RDSO (Telecom Dte.) for prior clearance. These details shall show the testing capability of the test house and shall confirm that the test house has already undertaken the requisite testing of such equipment. RDSO (telecom Dte.) shall advise the test format and details regarding the sampling plan to the inspecting officials of Railways/RailTel for the equipment on which type test are required to be conducted. RDSO(Telecom Dte) shall also advise concerned RDSO(S&T-QA) Cell.
6. (v) The Railway/RailTel's officials after conducting requisite type test or/ and acceptance test shall submit the test report directly to RDSO. In case, they have found that equipment conforms to RDSO's specification, necessary clearance for dispatch of the equipment shall be given by them to the OEM/vendor under intimation to RDSO.

7. (vi) In case complete tests are done by RDSO/railways/RailTel, on arrival of such cleared equipment in India, sample tests covering only visual test shall be undertaken by RDSO(S&T-QA) at the premises of OEM/Vendor in India.
- . (vii) In case, where some or all type tests and acceptance tests were waived off based on 3rd party testing certificate, on arrival of such cleared equipment in India, sample test covering visual and functional tests shall be undertaken by RDSO (QA/S&T) at the premises of OEM/Vendor in India.
- . (viii) On successful completion of visual tests as above, requisite inspection certificate shall be issued by RDSO after countersigning of test reports submitted by the inspecting team and keeping a record of the test reports.
- . (ix) In case some tests have been waived off as per para (ii) of this policy, the vendor shall submit special bank guarantee (in addition to Performance Guarantee) equivalent to 10% of the value of the equipment inspected abroad and valid for a period of one year and undertaking to the purchaser that the equipment supplied shall meet all the requisite parameters of the specification and shall work satisfactorily failing which bank guarantee may be encashed. Firm shall also submit suitable undertaking regarding satisfactory repair/service support to the purchaser.
- . (x) Once type test has been successfully completed on an equipment, only acceptance test shall be conducted subsequently, in case the same equipment (make, model & version) is offered again.

CHAPTER- 8

TECHNICAL, FUNCTIONAL REQUIREMENTS & SPECIFICATIONS

Note 1: The proposed solution must meet all technical and functional specifications mentioned in the latest Technical specification released by RDSO or else otherwise defined the tender document.

RDSO or TEC specification shall be the base specifications wherever available, where these are not available the equipment/software/application etc. shall conform to standard ITU/internationally accepted standards.

However, in case of any conflict on the solution design parameters, system functional requirements and technical specification of a system/item between RDSO specification and the tender conditions, the tender conditions will prevail over RDSO specifications.

Note 2: It may kindly be noted that in the specification wherever support for a feature has been asked for, it will mean that the feature should be available without RailTel requiring any other hardware/software/licenses. Thus all hardware/software/licenses required for enabling the support/feature shall be included in the offer.

Note 3: Deleted.

Note 4: Deleted.

Note 5: The below mentioned technical specifications for the supply items are bare minimum requirements of the purchaser, the supply items quoted by bidder must comply with these technical specifications. However, the bidder can quote the items with higher technical specifications catering to the futuristic requirements of the proposed solution.

Note 6: The BOM submitted by the bidder as a part of the bid response must be vetted by respective OEMs.
