4. All the documents must be submitted with proper indexing and page no.
5. This is an **exclusive arrangement with empaneled business associate/OEMs/ authorized partner or distributor of OEM of RailTel for fulfilling the end customer requirements.** Selected partner's authorized signatory has to give an undertaking they will not submit directly or indirectly their bids and techno-commercial solution/association with any other organization once selected through this EOI (before and after submission of bid to prospective organization by RailTel). This undertaking has to be given with this EOI Response.
6. **Transfer and Sub-letting.** The Business Associate/OEMs/authorized partner or distributor of OEM has no right to give, bargain, sell, assign or sublet or otherwise dispose of the Contract or any part thereof, as well as to give or to let a third party take benefit or advantage of the present Contract or any part thereof.

1. Introduction about RailTel

RailTel Corporation of India Limited (RailTel), an ISO-9001:2000 organization is a “**Navratna**” company under Ministry of Railways, Government of India. The Corporation was formed in Sept 2000 with the objectives to create nationwide Broadband Telecom and Multimedia Network in all parts of the country, to modernize Train Control Operation and Safety System of Indian Railways and to contribute to realization of goals and objective of national telecom policy 1999. RailTel is a wholly owned subsidiary of Indian Railways.

RailTel has approximately 70000 kms of OFC along the protected Railway tracks. The transport network is built on high capacity DWDM and an IP/ MPLS network over it to support mission critical communication requirements of Indian Railways and other customers. RailTel has Tier-III Data Center in Gurgaon and Secunderabad hosting / collocating critical applications. RailTel is also providing Telepresence as a Service (TPaaS), where a High- Definition Video Conference facility bundled with required BW is provided as a Service.

For ensuring efficient administration across India, country has been divided into four regions namely, Eastern, Northern, Southern & Western each headed by Executive Director and Headquartered at Kolkata, New Delhi, Secunderabad & Mumbai respectively. These regions are further divided into territories for efficient working. RailTel has territorial offices at Guwahati, & Bhubaneswar in East, Chandigarh, Jaipur, Lucknow in North, Chennai & Bangalore in South, Bhopal, and Pune & Ahmedabad in West. Various other territorial offices across the country are proposed to be created shortly.

RailTel’s business service lines can be categorized into three heads namely B2G/B2B (Business to Government and Business to Business) and B2C (Business to customers):

Licenses & Service portfolio:

Presently, RailTel holds Infrastructure Provider -1, National Long-Distance Operator, International Long-Distance Operator and Internet Service Provider (Class-A) licenses under which the following services are being offered to various customers:

a) Carrier Services

- National Long Distance: Carriage of Inter & Intra -circle Voice Traffic across India using state of the art NGN based network through its Interconnection with all leading Telecom Operators
- Lease Line Services: Available for granularities from E1 to multiple of Gigabit bandwidth & above
- Dark Fiber/Lambda: Leasing to MSOs/Telco's along secured Right of Way of Railway tracks
- Co-location Services: Leasing of Space and 1000+ Towers for collocation of MSC/BSC/BTS of Telco's

b) Enterprise Services

- Managed Lease Line Services: Available for granularities from E1, DS-3, STM-1 & above
- MPLS VPN: Layer-2 & Layer-3 VPN available for granularities from 2 Mbps & above
- Dedicated Internet Bandwidth: Experience the "Always ON" internet connectivity at your fingertips in granularities 2 Mbps to several Gbps

c) DATA CENTER Infrastructure as a service (IaaS), Hosting as Services, Security operation Centre as a Service (SOCaaS): RailTel has MeitY empaneled two Tier-III data centres in Gurgaon & Secunderabad. Presently RailTel is hosting critical applications of Indian Railways, Central & State government/ PSUs applications. RailTel will facilitate Government's applications / Hosting services including smooth transition to secured state owned RailTel's Data Centers and Disaster Recovery Centres. RailTel also offers SOC as a Service 'SOCaaS'. In addition, RailTel offers VPN client services so that employees can seamlessly access government's intranet, applications securely from anywhere without compromising security.

- National Long Distance: Carriage of Inter & Intra -circle Voice Traffic across India using state of the art NGN based network through its Interconnection with all leading Telecom Operators
- Lease Line Services: Available for granularities from E1 to multiple of Gigabit bandwidth & above
- Dark Fiber/Lambda: Leasing to MSOs/Telco's along secured Right of Way of Railway tracks
- Co-location Services: Leasing of Space and 1000+ Towers for collocation of MSC/BSC/BTS of Telco's

d) High-Definition Video Conference: RailTel has unique service model of providing high-definition video conference bundled with Video Conference equipment, bandwidth and FMS services to provide end to end seamless services on OPEX model connecting HQ with other critical offices. RailTel also offers application-based video conference solution for employees to be productive specially during this pandemic situation.

e) Retail Services – Rail-Wire

Rail-Wire: Triple Play Broadband Services for the Masses. RailTel has unique model of delivering broadband services, wherein local entrepreneurs are engaged in delivering &

maintaining broadband services and upto 66% of the total revenues earned are shared to these local entrepreneurs in the state, generating jobs and revitalizing local economies. On date RailTel is serving approx. 4,00,000 subscribers on PAN Indian basis. RailTel can provide broadband service across— Government PSU or any organization's officers colonies and residences.

2. Project Background and Objective of EOI

RailTel intends to participate in the work for **“Selection of Business Partner for SD WAN Router/Network Switch & LAN Network at State Crime Records Bureau, Police Headquarters, Bhopal.”** RailTel invites EOIs from RailTel's Empaneled Partners/OEMs/authorized partner or distributor of OEMs for the selection of suitable partner for participating in above mentioned work for the agreed scope work. The empaneled partner/OEMs/authorized partner or distributor of OEMs is expected to have excellent execution capability and good understanding customer local environment.

3. Scope of Work

The scope of work is to **“Selection of Business Partner for SD WAN Router/Network Switch & LAN Network at State Crime Records Bureau, Police Headquarters, Bhopal.”** as per there requirement. The above scope of work is indicative, and the detailed scope of work will be shared after the completion of the EOI process.

In case of any discrepancy or ambiguity in any clause/specification pertaining to the scope of work area, the decision of the end customer organization shall supersede and will be considered sacrosanct. (All associated clarifications, response to queries, revisions, addendum and corrigendum, associated prime service agreement (PSA)/MSA/SLA also included.)

Special Note: RailTel may retain some portion of the work mentioned in the end organization RFP, where RailTel has competence so that overall proposal becomes most winnable proposal. Scope of Work and payment terms shall be on a back-to-back basis as per the end customer RFP.

4. Response to EOI guidelines

4.1 Language of Proposals

The proposal and all correspondence and documents shall be written in English in password protected PDF file through an email (size of email should not exceed 20Mb) to bpltooffice@railtelindia.com.

4.2 RailTel's Right to Accept/Reject responses

RailTel reserves the right to accept or reject any response and annul the bidding process or even reject all responses at any time prior to selecting the partner, without thereby incurring any liability to the affected bidder or Business Associate/OEM/authorized partner or distributor of OEM or without any obligation to inform the affected bidder or bidders about the grounds for RailTel's action.

4.3 EOI response Document

The bidder is expected to examine all instructions, forms, terms and conditions and technical specifications in the bidding documents. Submission of bids, not substantially responsive to the bidding document in every aspect will be at the bidder's risk and may result in rejection of its bid without any further reference to the bidder.

All pages of the documents shall be signed by the bidder including the closing page in token of his having studied the EOI document and should be submitted along with the bid.

4.4 Period of Validity of bids and Bid Currency

Bids shall remain valid for 180 days from the date of submission.

4.5 Bidding Process

The bidding process as defined in para 9.

4.6 Bid Earnest Money (EMD)

- 4.6.1 The Business Associate shall furnish a sum as given in EOI Notice via online transfer from any scheduled bank in India in favor of "RailTel Corporation of India Limited" along with the offer.
- 4.6.2 Offers not accompanied with valid EOI Earnest Money Deposit shall be summarily rejected.
- 4.6.3 In case of Business Associate's offer is selected for bidding, a BA has to furnish Earnest Money Deposit (for balance amount as mentioned in the customer's Bid as and if applicable) for the bid to RailTel. The selected Business Associate shall have to submit a Bank Guarantee against EMD in proportion to the quoted value/scope of work to RailTel before submission of bid to end customer, as and if applicable.

- 4.6.4 EMD and Tender Fees will be deposited in the form of Online Bank Transfer.
- 4.6.5 The validity of such EMD shall be maintained till the finalization of end Customer RFP/Tender i.e. award of order and till submission of Performance Guarantee of requisite value required by end customer on back-to-back basis.
- 4.6.6 **Return of EMD for unsuccessful Business Associates:** Final EMD of the unsuccessful Business Associate shall be returned without interest after completion of EOI process (i.e. after pre-bid agreement is signed with the selected partner)
- 4.6.7 **Return of EMD for successful Business Associate:** Final Earnest Money Deposit (balance proportionate EMD) if applicable of the successful bidder will be discharged / returned as promptly as possible after the receipt of RailTel's EMD/BG from the Customer and or on receipt of Security Deposit Performance Bank Guarantee as applicable (clause no. 4.7) from Business Associate whichever is later.
- 4.6.8 **Forfeiture of Token EOI EMD or EMD (balance proportionate EMD) and or Penal action as per EMD Declaration:**
- 4.6.8.1 The EOI EMD may be forfeited and or penal action shall be initiated if a Business Associate withdraws his offer or modifies the terms and conditions of the offer during validity period.

4.7 Security Deposit / Performance Bank Guarantee (PBG)

- 4.7.1 In case the bid is successful, the PBG of requisite amount proportionate to the agreed scope of the work will have to be submitted to RailTel.
- 4.7.2 As per work share arrangements agreed between RailTel and Business Associate the PBG will be proportionately decided and submitted by the selected Business Associate.

4.8 Last date & time for Submission of EOI response

EOI response must be submitted to RailTel at the email address specified in the preamble not later than the specified date and time mentioned in the preamble.

4.9 Modification and/or Withdrawal of EOI response

EOI response once submitted will be treated, as final and no modification will be permitted except with the consent of the RailTel. No Business Associate shall be allowed to withdraw the response after the last date and time for submission.

The successful Business Associate will not be allowed to withdraw or back out from the response commitments. In case of withdrawal or back out by the successful business associate, the Earnest Money Deposit shall be forfeited, and all interests/claims of such Business Associate shall be deemed as foreclosed.

4.10 Clarification of EOI Response

To assist in the examination, evaluation and comparison of bids the purchaser may, at its discretion, ask the Business Associate for clarification. The response should be in writing and no change in the price or substance of the EOI response shall be sought, offered or permitted.

4.11 Period of Association/Validity of Agreement

RailTel will enter into agreement with selected bidder with detailed Terms and conditions.

Permitted Use.

Receiving Party shall:

hold all Information received from Disclosing Party in confidence; use such Information for the purpose of evaluating the possibility of entering into a commercial arrangement between the Parties concerning such Information; and restrict disclosure of such Information to those of Receiving Party’s officers, directors, employees, affiliates, advisors, agents and consultants (collectively, the “**Representatives**”) who the Receiving Party, in its reasonable discretion, deems need to know such Information, and are bound by the terms and conditions of (1) this Agreement, or (2) an agreement with terms and conditions substantially similar to those set forth in this Agreement.

The restrictions on Receiving Party's use and disclosure of Information as set forth above shall not apply to any Information that Receiving Party can demonstrate: is wholly and independently developed by Receiving Party without the use of Information of Disclosing Party; at the time of disclosure to Receiving Party, was either (A) in the public domain, or (B) known to Receiving Party; is approved for release by written authorization of Disclosing Party; or is disclosed in response to a valid order of a court or other governmental body in the India or any political subdivision thereof, but only to the extent of, and for the purposes set forth in, such order; provided, however, that Receiving Party shall first and immediately notify Disclosing Party in writing of the order and permit Disclosing Party to seek an appropriate protective order.

(c) Both parties further agree to exercise the same degree of care that it exercises to protect its own Confidential Information of a like nature from unauthorized disclosure, but in no event shall a less than reasonable degree of care be exercised by either party.

Designation.

Information shall be deemed confidential and proprietary and subject to the restrictions of this Agreement if, when provided in:

written or other tangible form, such Information is clearly marked as proprietary or confidential when disclosed to Receiving Party; or oral or other intangible form, such Information is identified as confidential or proprietary at the time of disclosure.

Cooperation. Receiving Party will immediately give notice to Disclosing Party of any unauthorized use or disclosure of the Information of Disclosing Party.

Ownership of Information. All Information remains the property of Disclosing Party and no license or other rights to such Information is granted or implied hereby. Notwithstanding the foregoing, Disclosing Party understands that Receiving Party may currently or in the future be developing information internally, or receiving information from other parties that may be similar to Information of the Disclosing Party. Notwithstanding anything to the contrary, nothing in this Agreement will be construed as a representation or inference that Receiving Party will not develop products, or have products developed for it, that, without violation of this Agreement, compete with the products or systems contemplated by Disclosing Party's Information.

No Obligation. Neither this Agreement nor the disclosure or receipt of Information hereunder shall be construed as creating any obligation of a Party to furnish Information to the other Party or to enter into any agreement, venture or relationship with the other Party.

Return or Destruction of Information.

All Information shall remain the sole property of Disclosing Party and all materials containing any such Information (including all copies made by Receiving Party) and its Representatives shall be returned or destroyed by Receiving Party immediately upon the earlier of:

termination of this Agreement; expiration of this Agreement; or
Receiving Party's determination that it no longer has a need for such Information.

Upon request of Disclosing Party, Receiving Party shall certify in writing that all Information received by Receiving Party (including all copies thereof) and all materials containing such Information (including all copies thereof) have been destroyed.

Injunctive Relief: Without prejudice to any other rights or remedies that a party may have, each party acknowledges and agrees that damages alone may not be an adequate remedy for any breach of this Agreement, and that a party shall be entitled to seek the remedies of injunction, specific performance and/or any other equitable relief for any threatened or actual breach of this Agreement

Notice.

Any notice required or permitted by this Agreement shall be in writing and shall be delivered as follows, with notice deemed given as indicated:

by personal delivery, when delivered personally; by overnight courier, upon written verification of receipt; or by certified or registered mail with return receipt requested, upon verification of receipt.

Notice shall be sent to the following addresses or such other address as either Party specifies in writing.

Term, Termination and Survivability.

Unless terminated earlier in accordance with the provisions of this agreement, this Agreement shall be in full force and effect for a period of ____years from the effective date hereof.

Each party reserves the right in its sole and absolute discretion to terminate this Agreement by giving the other party not less than 30 days' written notice of such termination.

Notwithstanding the foregoing clause 9(a) and 9 (b), Receiving Party agrees that its obligations, shall:

In respect to Information provided to it during the Term of this agreement, shall survive and continue even after the expiry of the term or termination of this agreement; and not apply to any materials or information disclosed to it thereafter.

Governing Law and Jurisdiction. This Agreement shall be governed in all respects solely and exclusively by the laws of India without regard to its conflicts of law principles. The Parties hereto expressly consent and submit themselves to the jurisdiction of the courts of New Delhi.

Counterparts. This agreement is executed in duplicate, each of which shall be deemed to be the original and both when taken together shall be deemed to form a single agreement

No Definitive Transaction. The Parties hereto understand and agree that no contract or agreement with respect to any aspect of a potential transaction between the Parties shall be deemed to exist unless and until a definitive written agreement providing for such aspect of the transaction has been executed by a duly authorized representative of each Party and duly delivered to the other Party (a "**Final Agreement**"), and the Parties hereby waive, in advance, any claims in connection with a possible transaction unless and until the Parties have entered into a Final Agreement.

Settlement of Disputes:

The parties shall, at the first instance, attempt to resolve through good faith negotiation and consultation, any difference, conflict or question arising between the parties hereto relating to or concerning or arising out of or in connection with this agreement, and such negotiation or consultation shall begin promptly after a Party has delivered to another Party a written request for such consultation.

In the event of any dispute, difference, conflict or question arising between the parties hereto, relating to or concerning or arising out of or in connection with this agreement, is not settled through good faith negotiation or consultation, the same shall be referred to arbitration by a sole arbitrator.

The sole arbitrator shall be appointed by CMD/RailTel out of the panel of independent arbitrators maintained by RailTel, having expertise in their respective domains. The seat and the venue of arbitration shall be New Delhi. The arbitration proceedings shall be in accordance with the provision of the Arbitration and Conciliation Act 1996 and any other statutory amendments or modifications thereof. The decision of arbitrator shall be final and binding on both parties. The arbitration proceedings shall be conducted in English Language. The fees and cost of arbitration shall be borne equally between the parties.

CONFIDENTIALITY OF NEGOTIATIONS

Without the Disclosing Party's prior written consent, the Receiving Party shall not disclose to any Person who is not a Representative of the Receiving Party the fact that Confidential Information has been made available to the Receiving Party or that it has inspected any portion of the Confidential Information or that discussions between the Parties may be taking place.

REPRESENTATION

The Receiving Party acknowledges that the Disclosing Party makes no representation or warranty as to the accuracy or completeness of any of the Confidential Information furnished by or on its behalf. Nothing in this clause operates to limit or exclude any liability for fraudulent misrepresentation.

ASSIGNMENT

Neither this Agreement nor any of the rights, interests or obligations under this Agreement shall be assigned, in whole or in part, by operation of law or otherwise by any of the Parties without the prior written consent of each of the other Parties. Any purported assignment without such consent shall be void. Subject to the preceding sentences, this Agreement will be binding upon, inure to the benefit of, and be enforceable by, the Parties and their respective successors and assigns. Its Affiliates to advise their Representatives, contractors, subcontractors and licensees, of the obligations of confidentiality and non-use under this Agreement, and shall be responsible for ensuring compliance by its and its Affiliates' Representatives, contractors, subcontractors and licensees with such obligations. In addition, each Party shall require all persons and entities who are not employees of a Party and who are provided access to the Confidential Information, to execute confidentiality or non-disclosure agreements containing provisions no less stringent than those set forth in this Agreement. Each Party shall promptly notify the other Party in writing upon learning of any unauthorized disclosure or use of the Confidential Information by such persons or entities.

NO LICENSE

Nothing in this Agreement is intended to grant any rights to under any patent, copyright, or other intellectual property right of the Disclosing Party, nor will this Agreement grant the Receiving Party any rights in or to the Confidential Information of the Disclosing Party, except as expressly set forth in this Agreement.

RELATIONSHIP BETWEEN PARTIES:

Nothing in this Agreement or in any matter or any arrangement contemplated by it is intended to constitute a partnership, association, joint venture, fiduciary relationship or other cooperative entity between the parties for any purpose whatsoever. Neither party has any power or authority to bind the other party or impose any obligations on it and neither party shall purport to do so or hold itself out as capable of doing so.

20: UNPULISHED PRICE SENSITIVE INFORMATION (UPSI)

_____ agrees and acknowledges that _____, its Partners, employees, representatives etc., by virtue of being associated with RailTel and being in frequent communication with RailTel and its employees, shall be deemed to be "Connected Persons" within the meaning of SEBI (Prohibition of Insider Trading) Regulations, 2015 and shall be bound by the said regulations while dealing with any confidential and/ or price sensitive information of RailTel. _____ Shall always and at all times comply with the obligations and restrictions contained in the said regulations. In terms of the said regulations, _____ shall abide by the restriction on communication, providing or allowing access to any Unpublished Price Sensitive Information (UPSI) relating to RailTel as well as restriction on trading of its stock while holding such Unpublished Price Sensitive Information relating to RailTel

MISCELLANEOUS. This Agreement constitutes the entire understanding among the Parties as to the Information and supersedes all prior discussions between them relating thereto. No amendment or modification of this Agreement shall be valid or binding on the Parties unless made in writing and signed on behalf of each Party by its authorized representative. The failure or delay of any Party to enforce at any time any provision of this Agreement shall not constitute a waiver of such Party's right thereafter to enforce each and every provision of this Agreement. In the event that any of the terms, conditions or provisions of this Agreement are held to be illegal, unenforceable or invalid by any court of competent jurisdiction, the remaining terms, conditions or provisions hereof shall remain in full force and effect. The rights, remedies and obligations set forth herein are in addition to, and not in substitution of, any rights, remedies or obligations which may be granted or imposed under law or in equity. IN WITNESS WHEREOF, the Parties have executed this Agreement on the date set forth above.

एमआईआई खरीद वरीयता/MII Purchase Preference

एमआईआई खरीद वरीयता/MII Purchase Preference	No
--	----

1. The minimum average annual financial turnover of the bidder during the last three years, ending on 31st March of the previous financial year, should be as indicated above in the bid document. Documentary evidence in the form of certified Audited Balance Sheets of relevant periods or a certificate from the Chartered Accountant / Cost Accountant indicating the turnover details for the relevant period shall be uploaded with the bid. In case the date of constitution / incorporation of the bidder is less than 3-year-old, the average turnover in respect of the completed financial years after the date of constitution shall be taken into account for this criteria.
2. Experience Criteria: In respect of the filter applied for experience criteria, the Bidder or its OEM of the product offered in the bid {themselves or through reseller(s)} should have regularly, manufactured and supplied same or similar Category Products to any Central / State Govt Organization / PSU for number of Financial years as indicated above in the bid document before the bid opening date. Copies of relevant contracts and delivery acceptance certificates like CRAC to be submitted along with bid in support of having supplied some quantity during each of the Financial year. In case of bunch bids, the category of primary product having highest value should meet this criterion.
3. OEM Turn Over Criteria: The minimum average annual financial turnover of the OEM of the offered product during the last three years, ending on 31st March of the previous financial year, should be as indicated in the bid document. Documentary evidence in the form of certified Audited Balance Sheets of relevant periods or a certificate from the Chartered Accountant / Cost Accountant indicating the turnover details for the relevant period shall be uploaded with the bid. In case the date of constitution / incorporation of the OEM is less than 3 year old, the average turnover in respect of the completed financial years after the date of constitution shall be taken into account for this criteria.
4. Estimated Bid Value indicated above is being declared solely for the purpose of guidance on EMD amount and for determining the Eligibility Criteria related to Turn Over, Past Performance and Project / Past Experience etc. This has no relevance or bearing on the price to be quoted by the bidders and is also not going to have any impact on bid participation. Also this is not going to be used as a criteria in determining reasonableness of quoted prices which would be determined by the buyer based on its own assessment of reasonableness and based on competitive prices received in Bid / RA process.
5. Past Performance: The Bidder or its OEM {themselves or through re-seller(s)} should have supplied same or similar Category Products for 30% of bid quantity, in at least one of the last three Financial years before the bid opening date to any Central / State Govt Organization / PSU. Copies of relevant contracts (proving supply of cumulative order quantity in any one financial year) to be submitted along with bid in support of quantity supplied in the relevant Financial year. In case of bunch bids, the category related to primary product having highest bid value should meet this criterion.
6. Reverse Auction would be conducted amongst first 50% of the technically qualified bidders arranged in the order of prices from lowest to highest. Number of sellers eligible for participating in RA would be rounded off to next higher integer value if number of technically qualified bidders is odd (e.g. if 7 bids are technically qualified, then RA will be conducted amongst L-1 to L-4). In case number of technically qualified bidders are 2 or 3, RA will be between all without any elimination. If Buyer has chosen to split the bid amongst N sellers, then minimum N sellers would be taken to RA round. In case Primary products of only one OEM are left in contention for participation in RA based on lowest 50% bidders qualifying for RA, the number of sellers qualifying for RA would be increased to get at least products of one more OEM (directly participated or through its reseller) if available. Further, if bid(s) of any seller(s) eligible for MSE preference is / are coming within price band of 15% of Non MSE L-1 or if bid of any seller(s) eligible for Make in India preference is / are coming within price band of 20% of non MII L-1, then such MSE / Make in India seller shall also be allowed to participate in the RA process.

क्रेता द्वारा जोड़ी गई बिड की विशेष शर्तें/Buyer Added Bid Specific Terms and Conditions

1. Generic

OPTION CLAUSE: The Purchaser reserves the right to increase or decrease the quantity to be ordered up to 25 percent of bid quantity at the time of placement of contract. The purchaser also reserves the right to increase the ordered quantity up to 25% of the contracted quantity during the currency of the contract at the contracted rates. The delivery period of quantity shall commence from the last date of original delivery order and in cases where option clause is exercised during the extended delivery period the additional time shall commence from the last date of extended delivery period. The additional delivery time shall be $(\text{Increased quantity} \div \text{Original quantity}) \times \text{Original delivery period (in days)}$, subject to minimum of 30 days. If the original delivery period is less than 30 days, the additional time equals the original delivery period. The Purchaser may extend this calculated delivery duration up to the original delivery period while exercising the option clause. Bidders must comply with these terms.

2. Buyer Added Bid Specific ATC

Buyer uploaded ATC document [Click here to view the file.](#)

अस्वीकरण/Disclaimer

The additional terms and conditions have been incorporated by the Buyer after approval of the Competent Authority in Buyer Organization, whereby Buyer organization is solely responsible for the impact of these clauses on the bidding process, its outcome, and consequences thereof including any eccentricity / restriction arising in the bidding process due to these ATCs and due to modification of technical specifications and / or terms and conditions governing the bid. If any clause(s) is / are incorporated by the Buyer regarding following, the bid and resultant contracts shall be treated as null and void and such bids may be cancelled by GeM at any stage of bidding process without any notice:-

1. Definition of Class I and Class II suppliers in the bid not in line with the extant Order / Office Memorandum issued by DPIIT in this regard.
2. Seeking EMD submission from bidder(s), including via Additional Terms & Conditions, in contravention to exemption provided to such sellers under GeM GTC.
3. Publishing Custom / BOQ bids for items for which regular GeM categories are available without any Category item bunched with it.
4. Creating BoQ bid for single item.
5. Mentioning specific Brand or Make or Model or Manufacturer or Dealer name.
6. Mandating submission of documents in physical form as a pre-requisite to qualify bidders.
7. Floating / creation of work contracts as Custom Bids in Services.
8. Seeking sample with bid or approval of samples during bid evaluation process. (However, in bids for [attached categories](#), trials are allowed as per approved procurement policy of the buyer nodal Ministries)
9. Mandating foreign / international certifications even in case of existence of Indian Standards without specifying equivalent Indian Certification / standards.
10. Seeking experience from specific organization / department / institute only or from foreign / export experience.
11. Creating bid for items from irrelevant categories.
12. Incorporating any clause against the MSME policy and Preference to Make in India Policy.
13. Reference of conditions published on any external site or reference to external documents/clauses.
14. Asking for any Tender fee / Bid Participation fee / Auction fee in case of Bids / Forward Auction, as the case may be.
15. Buyer added ATC Clauses which are in contravention of clauses defined by buyer in system generated bid template as indicated above in the Bid Details section, EMD Detail, ePBG Detail and MII and MSE Purchase Preference sections of the bid, unless otherwise allowed by GeM GTC.
16. In a category based bid, adding additional items, through buyer added additional scope of work/ additional terms and conditions/or any other document. If buyer needs more items along with the main item, the same must be added through bunching category based items or by bunching custom catalogs or bunching a BoQ with the main category based item, the same must not be done through ATC or Scope of Work.

Further, if any seller has any objection/grievance against these additional clauses or otherwise on any aspect of this bid, they can raise their representation against the same by using the Representation window provided in the bid details field in Seller dashboard after logging in as a seller within 4 days of bid publication on GeM. Buyer is duty bound to reply to all such representations and would not be allowed to open bids if he fails to reply to such representations.

All GeM Sellers / Service Providers are mandated to ensure compliance with all the applicable laws / acts / rules including but not limited to all Labour Laws such as The Minimum Wages Act, 1948, The Payment of Wages Act, 1936, The Payment of Bonus Act, 1965, The Equal Remuneration Act, 1976, The Payment of Gratuity Act, 1972 etc. Any non-compliance will be treated as breach of contract and Buyer may take suitable actions as per GeM Contract.

[यह बिड सामान्य शर्तों के अंतर्गत भी शासित है /This Bid is also governed by the General Terms and Conditions](#)

जेम की सामान्य शर्तों के खंड 26 के संदर्भ में भारत के साथ भूमि सीमा साझा करने वाले देश के बिडर से खरीद पर प्रतिबंध के संबंध में भारत के साथ भूमि सीमा साझा करने वाले देश का कोई भी बिडर इस निविदा में बिड देने के लिए तभी पात्र होगा जब वह बिड देने वाला सक्षम प्राधिकारी के पास पंजीकृत हो। बिड में भाग लेते समय बिडर को इसका अनुपालन करना होगा और कोई भी गलत घोषणा किए जाने व इसका अनुपालन न करने पर अनुबंध को तत्काल समाप्त करने और कानून के अनुसार आगे की कानूनी कार्यवाई का आधार होगा।/In terms

of GeM GTC clause 26 regarding Restrictions on procurement from a bidder of a country which shares a land border with India, any bidder from a country which shares a land border with India will be eligible to bid in this tender only if the bidder is registered with the Competent Authority. While participating in bid, Bidder has to undertake compliance of this and any false declaration and non-compliance of this would be a ground for immediate termination of the contract and further legal action in accordance with the laws.

---धन्यवाद/Thank You---

Additional Terms and Conditions (SDWAN)

1. OEM Average Annual Turnover specific to SDWAN Routers /Network Switches in last 3 financial years should be Rs 88 Cr. (i.e. more than 3 times of bid value). Documentation required: Certified audited balance sheet from Chartered Accounts / Cost Auditor.
2. The bidder Average Annual Turn Over in last 3 financial years should be Rs 14 Cr (i.e. 50% of bid value).
3. OEM should have experience of implementing more than 4000 locations of SDWAN for Govt./PSU in single order in last 5 years.
4. Bidder should have experience of implementing SDWAN Routers /Network Switches for Govt./PSU with value of 15 Cr in one single project or 10 Cr in two projects, with completion certificate.
5. Copy of purchase order in favor of the tendering firm with respect of supply of proposed items SDWAN Routers /Network Switches from any Govt./PSU/should be enclosed at least 3 Years in the last 5 Years.
6. Bidder must submit a duly signed notarized declaration of Legal Integrity on an INR 100 judicial stamp that at the time of bid no debar/blacklisting by any bid inviting authority or any organization functioning under Central/State/ Semi Government /PSUs of central/ State governments in the prescribed format.(Annexure I). The declaration should also mention that correct information has been provided in the bid.
7. Conditional, Incomplete and improperly submitted within their respective bid sections will be liable to be rejected summarily. No representation or communication in this regard shall be entertained.
8. Bidder should have firm registration and GST Registration in the state of Madhya Pradesh or shall obtain registration in Madhya Pradesh within a month from the date of placement of the order.
9. Queries received after the pre-bid date and time will neither be considered nor be responded.
10. Bid by Consortium is not allowed.
11. Bidder must submit the following documents sealed & signed by OEM on OEM's letter-head otherwise bid will be rejected. No document signed by bidder on behalf of OEM will be entertained.
 - a. Manufacturers Authorization Certificate (MAF) - Bid Specific signed Manufacturer's Authorization Form mentioning bid number along with power of attorney of authorized signatory (as per Annexure II)
 - b. Commitment letter for support from OEM (as per Annexure III)
 - c. Data/Compliance Sheet along-with technical specification of the product offered in the bid are to be uploaded along-with the bid documents. Buyer can match and verify the data/ compliance sheet with the product technical specification offered. In case of any unexplained mismatch of technical parameters, the bid is liable for rejection. (as per Annexure IV)
12. Pre-bid meeting query/e-mail can be send to office email id: icstore.scrib-phq@mppolice.gov.in till 06:00 PM of Pre-bid meeting Date.
13. The Director General of Police reserves the right to relax or exempt any of the conditions of the tender for the reasons recorded for granting such relaxation or exemption or reject bid, and any legal disputes arising from the bidding process shall be subject to the laws and courts of Bhopal exclusively.
14. Procurement will process as per GOP 151/22 and State purchase and procurement rule 2015 amended as 2022.
15. Exemption from depositing earnest money to MSME/ Startup of the state of Madhya Pradesh will be allowed as per rule of Store Purchase and Service procurement rule 2015 amended as 2022 is applicable when firm is registered as MSME/ Startup in MP state as OEM of quoted product.
16. The Bidder shall be responsible for supply, installation & commissioning of SDWAN router and 24/48 Network Switches at respective locations mentioned in tender. Completion and signoff report from each location will be mandatory for the processing of bills or payments.(Annexure V)
17. The Bidder shall be responsible for executing end-to-end structured cabling at each Site/Police Station, including the supply and installation of Cat6 cables, IO boxes, casing, capping, racks, and all other accessories or materials required for the completion of the work. The total cost of these activities shall be incorporated under the Cat6 cable laying cost. Furthermore, a per-node completion and sign-off certificate from each respective Police Station shall be mandatory for the processing of bills or payments.(Annexure VI)

Bidder's Declaration of Legal Integrity
[To be submitted on the Letterhead of the Bidder]

To
AIG,
SCRB
Police Headquarters, Bhopal MP

Ref: GeM Bid No.....

Sub: Self Declaration of not been blacklisted for Tender No.

Dear Sir,

This is to notify you that our Firm /Company/ Organization intends to submit a proposal in response to the subject tender. In accordance with the above, we declare that:

- a. We are not involved in any major litigation that may have an impact of affecting or compromising the delivery of goods / services as required under the subject tender.
- b. We are neither banned/ debarred/ blacklisted/ nor action for banning / debarment /blacklisting has been initiated by any Central/ State Government/ agency of Central/ State Government of India or any other country in the world/ Public Sector Undertaking/ any Regulatory Authorities in India or any other country in the world for any kind of fraudulent activities on any ground including but not limited to indulgence in corrupt practice, fraudulent practice, coercive practice, undesirable practice or restrictive practice as on date of submission of the Bid.
- c. The information furnished above is true, correct, and complete to the best of my knowledge and belief. I understand that if any information is found to be false or misleading at any stage, my bid is liable to be rejected, and I may be liable for legal action under the applicable laws.

Yours sincerely,

(Signature of the Authorized signatory of the Bidding Organization)

The bidder must quote according to the below mentioned technical specifications. Only the technical specifications mentioned in ATC will be applicable.

Annexure -IV

FORMAT FOR THE TECHNICAL SPECIFICATIONS COMPLIANCE
(On OEM Letter-head with seal and signatures of OEM)
TECHNICAL SPECIFICATIONS for SDWAN

01) SDWAN – Edge Router

S.No	Technical Specifications - Branch SDWAN Router	COMPLIANCE
1	Router should support minimum of 100 Mbps and scalable up to 400 Mbps with SDWAN encryption and firewall features.i.e App aware firewall, URL filtering, stateful firewall on the same hardware.	
2	The device should have minimum 8GB RAM	
3	The proposed device should support network interfaces 4 x 10/100/1000 LAN WAN (All these ports must be capable of being configured as either LAN or WAN ports.	
4	All WAN links should be configured in active-active mode across CPE appliances in a site.	
5	The proposed appliance must support TPM in the hardware for secure key encryption.	
6	The appliance must support at least 20,000 IP routes	
7	The device must support routing and switching capability for easy integration with existing network.	
8	The device should work as standalone as well as in HA with other SDWAN device without additional Switch.	
9	The device must support routing and switching capability for easy integration with existing network. i.e. dot1x , dot1q, BFD, static routing, dynamic routing, vrrp etc.	
	Certification	
10	The product should be supported with OEM warranty for 3 years.	
11	OEM must be a TEC certificate under the Mandatory Testing and Certification of Telecom Equipment (MTCTE) scheme.	

02) SDWAN - HUB Router

S.No	Technical Specifications - SDWAN Router for Hub(Core Device)	COMPLIANCE
1	Router should support minimum of 20 Gbps SDWAN encryption and firewall features i.e App aware firewall, URL filtering, stateful firewall on the same hardware.	
2	The device should have minimum 64GB RAM	
3	The device should have multicore architecture with the flexibility to assign cpu core for control and data plane as per requirement	
4	The Routers should have a minimum of 6 Nos. 1G RJ45 type, Min.4 Nos. 10G Optical SFP+ and Min. 4 Nos. 1G Optical SFP port, which should be used as both WAN and LAN ports.	
5	All WAN links should be configured in active-active mode across CPE appliances in a site.	
6	The proposed appliance must support TPM in the hardware for secure key encryption.	
7	The appliance must support at least 5,00,000 IP routes	
8	The device must support routing and switching capability for easy integration with existing network.	
9	The device should work as standalone as well as in HA with other SDWAN device without additional Switch.	
10	The device must support routing and switching capability for easy integration with existing network. i.e. dot1x, dot1q, BFD, static routing, dynamic routing, vrrp etc.	
11	Router Should have redundant Internal hot swappable power supplies.	
	Certification	
12	The product should be supported with OEM warranty for 3 years.	
13	OEM must be a TEC certificate under the Mandatory Testing and Certification of Telecom Equipment (MTCTE) scheme.	

dm

CP Sharma

03) Technical Specifications for SDWAN Solution

S.No.	General Requirement	COMPLIANCE
1	The network should be implemented as true software defined network architecture, SD-WAN network architecture should have physical/logical separation of management, control and data plane functions. The management and control plane and Analytic should be centralized. All components of SD WAN should be on-premises.	
2	The management and Control plane must be centralized, and the device/edge at the site should be responsible for data forwarding.	
3	The solution must have separate but integrated on-premises analytic engine to provide historical analytics, predefined and custom reports in CSV and PDF format.	
4	The solution should be able to support multi-tenant architecture that provides isolation using RBAC between different sub- tenants/business units using the proposed solution. Traffic isolation and privacy must be achieved for both Control and Forwarding plane using per tenant secure overlay network. This way the Police station Branch can utilize same Physical CPE, WAN Circuit and SD-WAN central components with total isolation across management, control and data plane	
5	The Solution should support resource tag mapping with RBAC to assign resource to a user/group for monitoring. i.e An IT admin in a Police station should be able to see device only tagged with that user. It should be supported in orchestrator and on-premise analytic engine.	
6	The software defined network centralized components need to be installed on-premises. None of the organization data should go to OEM cloud/premises for any reason	
7	The data plane at the branch locations, data center & DR should be programmable from the central software defined network controller.	
8	The solution must support per-user QoS policy to restrict user traffic. restricting user traffic based on source-IP and user-id should be supported.	
9	The solution should support static NAT-44, NAPT-44, DNAT-44, NAT64 and DNS64	
10	The SD-WAN should support following IPv6 capability and must have a valid IPv6-ready logo certificate. IPv6 addressing architecture, IPv6 name resolution, IPv6 statistics, IPv6 neighbor discovery/CMPv6, IPv6 DHCP Support for the following IPv6 features: OSPFv3, BGP Routing support for IPv6, IPv6 Dual Stack	
11	SD-WAN solution must come with deep Analytical capabilities (historical analysis, reporting) with support for on prem deployment for detailed logging and audit purpose. The analytic engine must be deployed on-premises	

Arshi

CPS Sharma

S.No.	General Requirement	COMPLIANCE
12	It should possible to create end to end segmentation/tenant within network where traffic in different segment will be separated at layer 3 level. Segmentation should be done from central controller. Branch devices should support minimum 10 segments and DC devices should support minimum 30 segments. The control plane, data plane and mgmt. plane for each segment/tenant	
13	The solution must selectively encrypt traffic via a specific WAN link and not-encrypt the traffic towards DC for a specific application via another WAN link	
14	The solution should automatically configure the routing and security policies to enable end to end communication for LAN networks over SDWAN between all the sites as per the topology chosen. There should be no manual configuration required to achieve this.	
15	The proposed SDWAN solution must have capability to support Multicast Features like Multicast forwarding, PIM sparse mode, PIM SSM, PIM rendezvous point, IGMPv2/v3	
16	The solution should support stolen device identification and mitigation for unauthorized movement detection by reachability check for period of time, Change in public IP address etc.	
	Virtual Private Network	
17	The system should only allow dynamic tunnels to be created without any static overlays between branch devices and the hub device.	
18	The system must be able to make virtual private network paths dynamically on power on without using of any routing protocols on the WAN side.	
19	The system should support the encapsulation types IPSEC and GRE. The system should support the authentication algorithms SHA-512, SHA-384, SHA-256 for Data Integrity. The system should support the following encryption algorithms AES-256, AES-128 for Data Security.	
	Network Performance, Traffic Management & Path Steering	
20	The solution should support adaptive shaping capability that helps to avoid congestion at the Hub locations. Adaptive shaping allows a device (branch or hub), to enforce a dynamic egress shaping rate on any other device that is sending the traffic. On the sender, only the traffic destined to the device with adaptive shaping configured is shaped and doesn't affect other traffic.	
21	The system should ensure that the session is not impacted when switching between paths. In case of blackout or brownout scenarios, traffic convergence to alternate path should be within sub- second (<1 sec fallover time)	

ADhi

CP Sharma

She

S.No.	General Requirement	COMPLIANCE
22	The SLA management should have fallback mechanism in place i.e. in case if both the links at a branch location fail to meet SLA, the traffic should not drop.	
23	The solution should support a way to manage flapping link i.e. remove a link from overlay for traffic forwarding if the link is frequently flapping with incremental times for example for first occurrence the link is out of the path for 1min, for next occurrence 3 mins or so on.	
24	The proposed SD WAN solution should ensure that any change in physical connectivity (change in service provider or IP address) does not require any change in virtual private network configuration in the SD WAN CPEs at location.	
25	The proposed SD WAN solution should ensure that the virtual private network specific configuration is not to be attached to physical or Virtual WAN IP on the branch device.	
26	In the SD WAN solution, the tunnel creation should be automatic & dynamic without any manual configuration on the edges and the controller.	
27	The solution must support Certificate management protocols like CMPv2, OCSP etc.or OEM embedded certificate	
28	The solution should support 802.1x mechanism to allow network access control, MAC based white listing of devices. It should be able to integrate with exiting NAC solution of the customer to allow only trusted devices accessing their network.	
	The SD-WAN should support 802.1Q and 802.1X	
29	The solution should be able to integrate with Security Information and EventManagement (SIEM) solution.	
	Security	
30	The SD-WAN should support DDoS mitigation functionality and protect DDOS attack like UDP Flood, Ping of Death etc.	
31	The solution must support Next-Generation Firewall features like URL Filtering, IP Reputation andFiltering, etc. to allow deployment of necessary security features centrallyas well as at the branches	
32	The solution should support securing user traffic with threat protection by using flowing security features.SSL & TLS Proxy SSL Inspection for invalid, expired, untrusted certificates HTTPS Proxy SSLv4 & TLS 1.2, 1.3 Proxy	
33	DNS filtering should be supported to block users from accessing potentially malicious websitesbyblocking them at their Hub/Branch locations. It must also support DNS security features like DNS sink holing	

doomi

CPSharma

S.No.	General Requirement	COMPLIANCE
	Visibility, Analytics, Monitoring & Reporting	
34	The system must be able to monitor WAN link parameters like link quality, link usage and link congestion and should be able to provide historical data on the same for a period of minimum 30 days.	
35	The system should allow user to define custom application based on multiple parameters such as protocol values, ports, patterns etc and tag application by family and sub-family like business, non-business by Risk categories etc. It should have capability to define traffic policies for such applications and categories and analytics report should capture all custom names and tags as defined by administrators.	
36	The solution must support real-time monitoring at interval of every 3-5 seconds, for parameters like latency, packet loss, jitter, utilization, etc. Historical data with granularity of 5-15 mins minimum interval should also be stored in Analytics engine for forensic analysis later.	
37	The SD-WAN should support granular Real-Time/near real time Monitoring and Historical Reporting like: Statistic bandwidth usage of available links Network statistics, including continuous performance monitoring of loss, latency, and packet ordering for all network paths and link utilization	
38	The SD-WAN should be able to generate report for Individual Link/path Quality on daily, weekly, monthly, yearly or configurable period basis. Traffic statistics of all the included path Specific application utilization Path performance, packet loss, and latency	
39	<p>The Proposed SDWAN Solution should provide the Digital user experience Monitoring dashboard (GUI) in a single pane for each branch.</p> <ul style="list-style-type: none"> a. Number of connections initiated b. Number of connections aborted c. Number of re-transmissions d. Application performance-wise rating e. Network Response Time f. Application Name (Well-known and custom) g. Source IP, h. Destination IP, i. Number of sessions, j. User experience 	
40	The solution should have a built-in security dashboard that provides insight into Top Application Usage base done session, Bandwidth, Risk score and Productivity score. Top URL based on categories reputation	
41	The notifications generated by the software defined network controller must be forwarded as email to a pre-configured email address. Moreover, same should also	

dm

CP Sharma

[Signature]

S.No.	General Requirement	COMPLIANCE
	be reflected on Dashboard.	
42	The system must be able to monitor, and report top 20 applications by usage across all branch locations, in a branch location along with the data rate and flow usage. This data must be stored by the controller for a minimum of 30 days.	
43	The system must be able to monitor and report Top 10 LAN users by bandwidth usage and applications accessed by them in a branch location along with the data rate and flow usage. This data must be stored for a minimum of 30 days.	
	Network wide Policy Enforcement	
44	The system should allow definition and enforcement of traffic forwarding policies on the basis of application(s), application categories, from specific subnet(s), to specific subnet(s) and custom IP Address(es) for traffic from LAN to WAN on a branch.	
45	The system should allow definition and enforcement of traffic forwarding policies that allow encapsulation of the traffic with IPSEC or UDP or GRE or no Encapsulation for all traffic passing through the device	
	Provisioning & Deployment	
46	The system should allow for plug and play installation of branch devices without requiring any manual configuration or minimal manual configuration at the remote location. There should be other device action option available i.e script based activation, URL based activation.	
	High Availability	
47	The system should allow the SD-WAN Core Hub Appliance in the Data Center to be deployed in Active-Active HA	
48	The solution must support Active-Active HA devices in branch where 1 WAN link is terminated on CPE-1 and 2nd WAN link is terminated on CPE-2. Both the links must be used actively for all traffic there by sending traffic via both CPEs without the use of any external switch to achieve Active- Active HA	
49	The software-defined controller should be architecturally highly available with Active-Active/ Active-Standby high availability mode.	
	Certification	
50	The proposed solution must be EAL4+, FIPS 140-2 Level 1, PCI DSS certified.

epsharma

04) CAT6A Cable Specification

S. No.	Description	COMPLIANCE
1	Category 6 A Unshielded Twisted Pair 4 pair shall be compliant with ANSI/TIA/EIA-568-C.2 Supports Gigabit Ethernet (10GbaseT) standard. Operates at bandwidth of 500MHz. Exceeds all requirements for IEE 802.3an.	
2	Construction: 4 twisted pairs separated by internal X shaped, 4 channel, polymer spine / full separator. Half shall not be accepted.	
3	The 4 pair Unshielded Twisted Pair cable shall be UL Listed.	
4	Conductor Solid bare Copper and Jacket FR PVC and UL approved CM rated cable and Outer jacket sheath of the cable shall be LSZH.	
5	Insulation: High Density Polyethylene	
6	Dielectric Strength of cable should be 1.0KV dc	
7	Attenuation (< 17 db), Pair – to – pair and PS NEXT, ELFEXT and PSELFEXT, Return Loss, ACR and PS ACR.	
8	Bending Radius should be < 25.4mm at $-20^{\circ}\text{C} \pm 1^{\circ}\text{C}$ and Pulling Force: 11.5 Kg	
9	Construction: 4 twisted pairs separated by internal X shaped, 4 channel, polymer spine / full separator. Half shall not be accepted.	
10	Cable should support operating Temperature from -20° to $+70^{\circ}\text{C}$	
11	Cable should come with printed sequential Length Counter on each meter	
12	Cable support Conductor Resistance < $9.38 \Omega / 100\text{m}$	
13	Mutual Capacitance of cable should be < $5.6\text{nF}/100\text{m}$	
14	Max Resistance Unbalance of cable should be 5% Max	
15	Capacitance Unbalance of cable should max $330\text{pF}/100\text{m}$	
16	Cable support Delay Skew: < 25nS, Operating Voltage: 72V and NVP: 68.2%	
17	Category 6A UTP cables shall Enhanced performance cable for transmission of high speed data, digital and analogue voice and video signals on LANs. Supports Gigabit Ethernet (10GbaseT) standard. Operates at bandwidth of 500MHz.

5) Technical Specifications: 48-Port Unmanaged Network Switch (Non-PoE)

S. No.	Parameter	Specification	COMPLIANCE
1	Type	Unmanaged Ethernet Switch (Non-PoE)	
2	No. of Ports	48 × 10/100/1000 Mbps RJ-45 Auto-Negotiation Ports (Gigabit)	
4	Switching Capacity	Minimum 96 Gbps	
5	Forwarding Rate	Minimum 1.44 Mpps	
6	MAC Address Table	Minimum 8K MAC addresses	
7	Buffer Memory	Minimum ≥1 MB	
8	Mount Type	Rack-Mountable (with brackets)	
9	Power Supply	Internal Power Adapter (100–240V AC, 50–60Hz)	
10	Energy Efficiency	IEEE 802.3az (Energy Efficient Ethernet)	
11	Jumbo Frame Support	Minimum 9K bytes	
12	LED Indicators	Power, Link/Activity per port	
13	Operating Temperature	0°C to 50°C	
14	Humidity (non-condensing)	10% – 90%	
15	Certifications	CE, FCC, RoHS Compliant	
16	OEM Warranty	Minimum 3 Years	
17	Compliance	IEEE 802.3, 802.3u, 802.3ab, 802.3x, 802.1p	
18	Form Factor	Compact metal body	
19	Accessories	Power cord, rack-mount kit

CP Sharma

6) Network Switch 24 Port Non POE

S. No.	Detailed Technical Specifications	Description	Compliance
1	Type of Switch	Managed	
2	Technology	Non PoE	
3	The Switch should support non-blocking Layer 2 switching and Layer 3 routing	Yes	
4	These switches should support stacking/VC	Yes	
5	Minimum 24 x 10/100/1000 Base-T and 2 x 1/10G ports. (with required transceiver modules)	Yes	
6	1 U Rack mountable and should support stacking of minimum 4 switches with maximum 20-40 Gbps of dedicated stacking/ equivalent bandwidth.	Yes	
7	Internal DRAM	Min. 2GB	
8	Internal Flash Memory	Min. 2GB	
9	Higher Backplane capacity	Min. 128 Gbps	
10	Forwarding rate	Min. 95 Mpps	
11	Should support Non-blocking hardware architecture	Yes	
12	All interfaces should provide wire speed forwarding for both Fiber and copper modules	Yes	
13	VLANs	Min. 4000	
14	MAC address	Min. 16K	
15	Should have Static Routing , Neighbor discovery, system logging, Telnet, SSH, SNMP, Network Time Protocol (NTP), Domain Name System (DNS) and IPv6 features from day 1 and should support OSPF, VRRP, OSPFv3 and PIM(Note: ALL mentioned technical specs should be individually qualified)	Yes	
16	It should support IGMP snooping v1, v2 & v3	Yes	
17	It should have static IP routing from Day 1 and should be upgradable to support OSPF/OSPFv3 and PIM	Yes	
18	Hardware queues per port	8	
19	Dynamic Host Configuration Protocol (DHCP) snooping	Yes	
20	Switch should support LLDP capabilities	Yes	
21	Should support IP Source Guard , DAI and IPv6 Security feature like IPv6 RA Guard and IPv6 Neighbor Discovery Inspection	Yes	
22	Should support Secure Shell (SSH) Protocol and Simple Network Management Protocol Version 3 (SNMPv3).	Yes	
23	Switch needs to have console port for administration & management	Yes	

dimi

C P Sharma

(25)

24	Management using CLI, GUI using Web interface should be supported	Yes	
25	FTP/TFTP for upgrading the operating System	Yes	
26	Should support Energy Efficient Ethernet	Yes	
27	IEEE 802.1x support	Yes	
28	IEEE 802.1D Spanning-Tree Protocol	Yes	
29	IEEE 802.1p class-of-service (CoS) prioritization	Yes	
30	IEEE 802.1Q VLAN	Yes	
31	IEEE 802.3 10BASE-T specification	Yes	
32	IEEE 802.3u 100BASE-TX specification	Yes	
33	Switch should able to support management via CLI, Web interface	Yes	
34	SNMP v1,v2,v3	Yes	
35	Switch should be manageable through both IPv4 & IPv6.	Yes	
36	Switch Should be Common Criteria/NDPP/NDcPP certified	Yes	
37	Switch should be IPv6 Logo Certified	Yes	
38	Switch should be Reduction of Hazardous Substances (ROHS) certified	Yes	
39	Offered switches should be compatible with existing network.	Yes
