**Talking about it, Sh. Sanjai Kumar Chairman & Managing Director RailTel said,** “It is an important work order for RailTel for providing comprehensive ICT solutions to the client TASMAL. It is an important step for their digital transformation, transparency and revenue assurance. Securing this prestigious project in an open competitive bid is a reaffirmation of RailTel’s key position in the domestic ICT space based on its strong technology expertise, industry partnerships and execution capabilities. We shall continue to be in the forefront of the digital journey of our clients and to provide satisfactory services to them.”

**ABOUT RAILTEL:**

RailTel, a "Mini Ratna (Category-I)" Central Public Sector Enterprise under Ministry of Railways, is one of the largest neutral telecom infrastructure & ICT Solutions & Services providers in the country, owning a Pan-India optic fiber network covering several towns & cities and rural areas of the country. Along with a strong reliable network of 61000+ RKM of Optic fibre, RailTel has two MeitY empanelled Tier-III Data Centres as well. With its Pan India high-capacity network, RailTel is working towards creating a knowledge society at various fronts and has been selected for implementation of various mission mode projects for the Government of India in the telecom field. RailTel offers a bundle of services like MPLS VPN, Telepresence, Lease line, Tower Co-location, Data Center services etc. RailTel is also working with the Indian Railways to transform Railway Stations into digital hub by providing public WiFi at Railway Stations across the country and 6108+ stations are live with RailTel’s RailWire Wi-Fi.
