GM/ CR inaugurates Hospital Management Information System (HMIS) at Central Hospital (CR), Byculla, Mumbai

Sh. Anil Kumar Lahoti, GM/ Central Railway, inaugurated the Hospital Management Information System (HMIS) at Central Hospital (CR), Byculla, Mumbai, implemented by RailTel. Senior Railway officials, Doctors and RailTel officials were present on this occasion.

RailTel, a miniratna PSU of Indian Railways, is working towards providing HMIS at 129 Railway health hospitals and 586 health units across India to bring the entire Railways hospital management on a single architecture to provide faster and better healthcare. HMIS solution is going to cover the entire gamut of Hospital Administration with around 20 modules that are relevant to Railway Hospitals including Clinical, Patient Services & Ancillary Modules viz OPD, IPD, Labs, Pharmacy, Referrals, Medical Examinations, Sick-Fit Certifications, Reimbursement of Medical Claims etc.

Digitized healthcare not only provides faster and seamless service to beneficiaries but also eases out pressure on the healthcare providers which is the need of the hour, especially with a pandemic at large.

Speaking on the occasion **Sh. Anil Kumar Lahoti, GM/ CR** said "The Railways HMIS' app has been developed and integrated with the HMIS by RailTel. This app will not only help medical beneficiaries access all their medical record at one place but will also enable teleconsultation to help patients get treatment virtually for generic ailments. Implementation of HMIS at the Central Railway hospital will be able to provide faster healthcare service."

Talking about the project, Sh. Puneet Chawla, CMD RailTel said, "We are implementing the HMIS project on war footing and we have completed work at 220 Healthcare units across India. We intend to complete the project by the end of this financial year"

About RailTel

RailTel a "Mini Ratna (Category-I)" Central Public Sector Enterprise, is one of the largest neutral telecom infrastructure providers in the country owning a Pan-India optic fiber network covering several towns & cities and rural areas of the country. Along with a strong a reliable network of 60000+ RKM of Optic fibre , RailTel has two MeitY empaneled tier III data centers as well. With its Pan India high-capacity network, RailTel
