RIL DEAL Future Retail moves SC against Delhi HC order

INDU BHAN
New Delhi, August 12

Future Retail chairman Kishore Biyani

FUTURE RETAIL (FRL) on Thursday moved the Supreme Court against the Delhi High Court's single judge's order which in February, on the plea of Amazon, had restrained it from going ahead with its ₹24,713-crore merger deal with Reliance Retail.

The development follows last week's Supreme Court's order wherein Amazon scored a major victory with the apex court upholding the Singapore International Arbitration Centre's emergency arbitrator (EA) award restraining FRL from going ahead with its deal with the Mukesh Ambani-led company. The SC said an award of an EA is enforceable under the Indian Arbitration and Conciliation Act.

It also revived the single judge's order that had also held FRL group chairman Kishore Biyani and others guilty for going ahead with the deal and had issued showcause notice to him and other directors of the Future Group as to why they should not be sent to prison, as sought by Amazon.

Besides, the single judge had also directed the FRL to approach regulatory authorities to recall all approvals granted to the Future-Reliance Retail deal and to deposit ₹20 lakh as cost for violating the Singapore's EA's interim stay order of October 25, 2020. The judge had also asked for attaching the assets of Biyani and other directors and had asked them to appear before it.

Challenging the single judge's February 2 and March 18 order, the FRL said in view of the SC's last week's judgment, "it is clear that the provisions of the Code of Civil Procedure, 1908 has no place in the enforcement or appeal mech-

anism from orders passed under Section 17 of the Arbitration & Conciliation Act.

FRL and other related firms said they were not provided any effective or actual opportunity to file any response to the enforcement petition filed by Amazon to explain as to whether they had complied with or flouted the EAO. Besides, the single judge "commenced final hearing of the enforcement petition on the first day of hearing itself," it stated.

It further said the SJ's directions were not only beyond the EA's order but also beyond the reliefs sought by Amazon in its enforcement plea. "The impugned order goes way beyond the reliefs granted under the EAO, in not only providing extensions of the relief of the EA but also castigates the petitioners (Biyani and the Future group companies) for having flouted the said order when no response was even called for by the Petitioner to explain as to whether the Petitioner had in fact, flouted the said order."

The EA award was passed in October 2020 following which Amazon had sought its enforceability by restraining FRL from going ahead with the transaction. FRL will also wait for the final order of SIAC which concluded hearings last month.

PC shipments cross 3 m units for second consecutive quarter in Q2 2021

RISHI RANJAN KALA
New Delhi, August 12

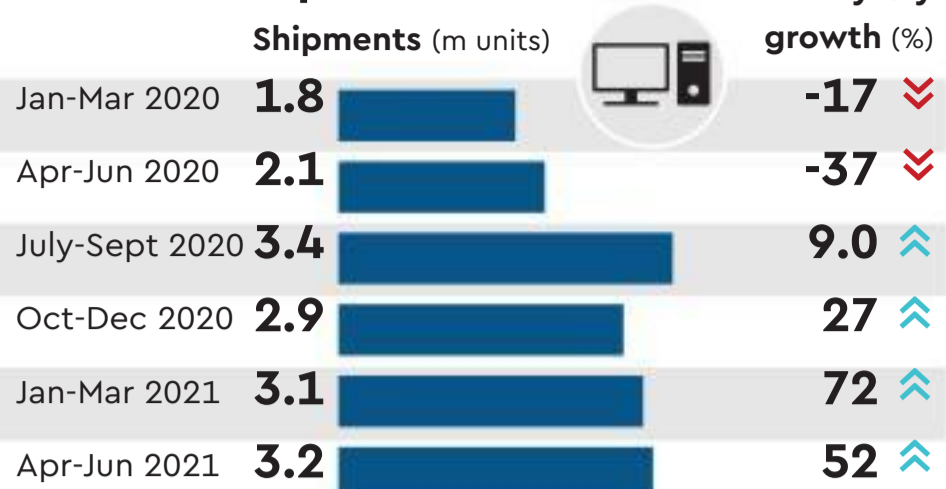

SHIPMENTS OF PERSONAL computer desktops, notebooks and workstations surpassed the 3-million units mark during the April-June quarter, registering a growth of 52% year-on-year. This is the second consecutive quarter when shipments crossed the 3-million mark.

"A total of 3.2 million PCs were shipped in the quarter, with all product categories reporting strong double-digit growth. In the absence of any large education and govern-

ment deal, this was the second consecutive quarter when India's PC market saw shipments of over 3 million PCs, underlining the growth in enterprise, SMB, and consumer segments," IDC said.

Notebook PCs continue to hold more than three-fourth share in the overall category and grew 50% y-o-y in Q2 2021, reporting a fourth consecutive quarter with over 2 million units. Desktops also indicated a recovery as shipments grew 52% y-o-y after recording the lowest shipments of the decade in Q2 2020, it added.

India PC shipments

The second wave of Covid further delayed the opening of schools and colleges, strengthening the demand for PCs for home learning. In Q2 2021, the consumer segment grew

118.4% y-o-y, and 5.9% sequentially as vendors prepared the channel in anticipation of stronger demand.

The commercial segment grew 13.8% y-o-y in Q2 2021 as the enterprises, especially IT and IT-enabled services companies, continued buying to manage the growing workforce in the ongoing work from home scenario.

IDC India market analyst (PC devices) Bharath Shenoy said despite India being severely impacted by the second wave, there was a sense of optimism in the market as vendors utilised

the time to procure devices.

"Channel partners were struggling with low inventories and backlogs for almost a year; this came as a breather for a few vendors as they were able to add a few more weeks' inventories to their channel. But as demand continues to outstrip the supply, it doesn't seem that the channel inventory will return to normal before the year-end," he added.

IDC India associate research manager (client devices), Jaipal Singh noted the growth in consumer notebook segment is attracting many smartphone brands to explore this category.
