RailTel Received SCOPE Eminence Award Presented by Hon'ble President of India *RailTel won the award in Digital Transformation category*

RailTel Corporation of India Limited, a Navratna CPSE under the Ministry of Railways, has been conferred with the prestigious SCOPE Eminence Award in the Digital Transformation category. The award was presented by the Hon'ble President of India, Smt Droupadi Murmu, recognizing RailTel's exceptional contribution to driving digital innovation and modernization across the country.

RailTel has consistently led the way in leveraging technology to transform both its internal operations and the services it delivers to customers. From building advanced digital platforms and modern IT infrastructure to enabling smarter workflows and data-driven decision-making, RailTel has strengthened its position as a key enabler of digital transformation in India. Its initiatives have enhanced operational efficiency, improved customer experience, and fostered a culture of innovation within the organization.

Expressing pride in the achievement, Sh. Sanjai Kumar, CMD, RailTel, said, "This award is a testament to our commitment to innovation, efficiency, and digital inclusion. We will continue to harness emerging technologies like AI, analytics, and cybersecurity solutions to deliver smarter, more resilient digital infrastructure for Indian Railways and beyond." This recognition further cements RailTel's position as a trusted partner in India's digital transformation journey.

About RailTel

RailTel Corporation of India Ltd., a Navratna PSU under Ministry of Railways, is one of the largest neutral telecom infrastructure providers in India and a trusted end-to-end IT & ICT service provider. RailTel has extensive optical fibre network of 63,000 RKM along the railway tracks, a 21,000 KM citywide access network, 11000+ Point of Presence (PoPs) and 1,100 telecom towers Nationwide. RailTel has also created one of the world's largest integrated public Wi-Fi networks, offering services at 6,112 railway stations across the country. This robust infrastructure is supported by a Central Network Operation Centre (CNOC) and four region-based Network Operation Centres (NOCs).

RailTel is a unique PSU with telecom licenses (IP-1, NLD, ISP) in-house Tier III data centre services, own Security Operation Centre and MeitY- empaneled cloud services under one roof. The company's wide-ranging service portfolio includes MPLS VPN, leased lines, tower co-location, data centre services, cloud services, security operation centre services, HD video conferencing, Aadhaar-based authentication systems, e-tendering, retail broadband under the brand RailWire, IT and ICT projects, railway Signalling projects, and many more.
